Lithuania is an open and rapidly advancing country of 3.5 million people, with everything in place to capitalize on its strategic location in the centre of three enormous markets. It has made a great leap forward in just over a decade of independence, and is now at an advanced stage of transformation.

Kaunas with nearly 400 thousand inhabitants is one of the most significant cities of Lithuania. It is not only a city of old traditions, but also a large centre of business and industry.
